For Immediate Release

Cosmo Tires expands lineup to include ST Trailer tires and adds additional sizes to its Commercial Van tire line.

[Miami, FL] — The Cosmo Stray Kat is an all-position semi-steel specialty trailer tire that is overbuilt to perform under duress. Its five-rib tread design, reinforced bead and proprietary compounding ensure low rolling resistance, better wet traction, and longer tread life. Showcasing the grit that is synonymous with the Cosmo Tire brand.

Cosmo has also expanded its EL Jefe Van lineup with 16 additional sizes, rounding out its commercial application tire offering. El Jefe Van's innovative tread void design provides first class performance in both wet and dry conditions, as well as reducing road noise, making it the premier selection for those who demand the best in both performance and safety.

TGI President, Joaquin Gonzalez, stated; "We continue to make strides rounding out our product portfolio. Providing a robust product offering that marries performance, quality, and value."

About Tire Group International:

Tire Group International (TGI), is the world's leading supplier of premium-quality passenger, light truck, truck, industrial, agricultural, and off-road tires and tubes. The core of TGI's 30 years of success resides in our first-class customer service, top quality products and vast experience in international trade. TGI's slogan of "Selling Happiness Since 1992," permeates through every aspect of business practices. From the products, to the customer service, TGI is one team and one network, dedicated to exceeding customers' expectations at every step of the process. Tire Group International is a proud distributor of Astro Tires, Mastercraft, Cosmo Tires, Kumho Tire, Kenda, Mickey Thompson Tires & Wheels, GT Radial, Atlas, and MRF Tires, to name a few.

About Cosmo Tires:

Cosmo Tires is a tire brand of performance, passenger, off-road, light truck, truck, industrial and agricultural tires. Cosmo Tires was founded in 1995 and has been delivering exceptional performance and value ever since. The company started by manufacturing bias (nylon) tires for light truck, truck, industrial, agricultural, and off-road applications. Cosmo Tires has since expanded production into passenger car, light truck and truck and bus radials. Manufacturing a wide range of sizes and patterns for thousands of applications. Cosmo Tires are built with an industry-leading "quality to value" proposition that sets the company apart from all other tire brands. Constantly innovating and pushing the limits of design, Cosmo uses top quality materials and construction methods that squeeze the maximum performance, top safety and best value out of every tire.
